

ENVIRONMENTAL POLICY

Enicor Limited have implemented and maintained an Environmental Management System, which meets the requirements of ISO 14001, to ensure that we provide our goods and services in an environmentally responsible manner.

It is our policy to:

- Foster a sense of responsibility for the environment amongst our staff.
- Reduce waste and the consumption of resources (materials, fuel and energy) and ensure unavoidable waste is recycled, reused or recovered, where possible, or disposed of responsibly.
- Ensure that our staff act in accordance with this policy and in compliance with our Environmental Management System.
- Minimise the environmental effects of material sourcing by evaluating the environmental performance of our suppliers.
- Ensure we are able to detect, and where possible prevent pollution through accidental emissions or effluent discharges.
- Continually strive to improve our environmental performance and prevent pollution.
- Set, monitor and achieve environmental objectives and targets.
- Ensure Compliance with relevant Legislation and Regulations.
- Protect the environment and prevent pollution.
- Monitor and where possible reduce the impact of our activities on the local and general environment.
- Use sustainable resources wherever possible.
